

Instructions to Complete Your Application for the Weatherization Assistance Program

Page 3:

- Applicant and Utility Information:** Fill out all the information requested.
- Qualification:**
 - o Option 1: Place a check next to each type of assistance you currently receive, if applicable.
 - o Option 2: If you do not currently receive one of the forms of assistance listed, put a check next to all the sources of household income. **Three (3) months of income documentation for each person in the household is required, apart from residents 17 and younger (not included.)**

Page 4 and 5:

- Household Info:** Include everyone living in your household. Fill in your name and check your type of residency.
- Description of Home:** To the best of your knowledge, please fill out all the information requested.
- Home Access Authorization:** This gives us your permission to inspect all areas of your home and take photos for the purpose of delivering weatherization services. Be sure to **SIGN** and date where indicated.
* If you can demonstrate lawful presence, please complete page 6. If not, please proceed to page 7.

Page 6:

- Federal Lawful Presence Affidavit:** Please fill in name, check applicable box and **SIGN** and date where indicated.
All applicants who are lawfully present must submit a completed lawful presence affidavit with their application.

Undocumented applicants do not need to complete page 6 and **should skip that page.**

Pursuant to Colorado Senate Bill 21-199, as of July 1st 2022, undocumented individuals may receive assistance without providing lawful presence documentation or completing a lawful presence affidavit AND with the assurance that all personal and identifying information is protected by Colorado Energy Office Weatherization Assistance Program Policy 303, Client Confidentiality.

Page 7 and 8:

- Read this page, check the appropriate box and be sure to **SIGN** and date where indicated.
- If you RENT your home, page 8 must be completed by your landlord.**

Page 9:

- This page has important information and a release of utility sharing as a participant of WAP. Read and check, **SIGN** and date where indicated. This page is optional.

Page 10:

- This page has important information and a release of liability as a participant of WAP. Read, **SIGN** and date where indicated.

REQUIRED DOCUMENTS to be included in addition to your application. Your application is not complete without these documents.

- Copy of current government issued I.D (or expired ID within the last 10 years).
- Copy of recent heating bill (natural gas, propane, etc.) and electric bill that include account and premise numbers.
- Application may have included consent forms for utility providers.
- If automatically qualifying, include a copy of your public assistance award or approval letter. This letter must be issued within the last 12 months. Eligible pre-qualifying assistance programs include: **LEAP, SNAP, TANF, AND, SSI**

OR

- If qualifying by income documentation, include income documentation for each working adult household member for the **past three months**. Documentation required for all sources of income, including: paystubs, Social Security income (award letter), pension, annuities, VA benefits, disability income, unemployment income, rental property income, etc.
- Self-employed applicants, please contact ERC for an income affidavit that must be notarized.**

GROSS INCOME LIMITS *limits may vary based on county of residence.

Annual Income Eligibility Upper Limits			
Household Members	Statewide		Xcel, Black Hills, Atmos, Colorado Natural Gas Customers ONLY*
		60% State Median Income	
1	\$34,560	60% State Median Income	\$48,720-\$74,400
2	\$45,192		\$55,680-\$85,040
3	\$55,824		\$62,640-\$95,680
4	\$66,468		\$69,600-\$106,240
5	\$77,100		\$75,200-\$114,800
6	\$87,732		\$80,800-\$123,280
7	\$90,840	200% Federal Poverty Level	\$86,320-\$131,760
8	\$101,120		\$91,920-\$140,240
9	\$111,400		\$97,520-\$148,720
10	\$121,680		\$103,120-\$157,200
For households with more than 10 people: add \$10,280 for each additional person (annually)			*Upper limit based on County (80% Area Median Income)

ERC's Alamosa location serves residents of Alamosa, Conejos, Costilla, Mineral, Rio Grande, and Saguache counties. Energy Resource Center is open Mon-Thu, 7:00 am-5:00 pm. Return your completed application as soon as possible so that you can be prioritized for service.

Please submit your application and required documents to:
Energy Resource Center
2311 Commerce Circle, Alamosa, CO 81101

Federal Lawful Presence Affidavit

I, _____, swear or affirm under penalty of perjury under the laws of the State of Colorado that: (check one)

- I am a United States citizen
- I am a Permanent Resident of the United States
- I am lawfully present in the United States pursuant to Federal law

I understand that this sworn statement is required by law because I have applied for a federal public benefit. I understand that federal law requires me to provide proof that I am lawfully present in the United States prior to receipt of this public benefit. I further acknowledge that making a false, fictitious, or fraudulent statement or representation in this sworn affidavit is punishable under the criminal laws of Colorado as perjury in the second degree under Colorado Revised Statute 18-8-503 and it shall constitute a separate criminal offense each time a public benefit is fraudulently received.

Weatherization Assistance Program Application

To the HOMEOWNER / TENANT:

In order to provide the maximum improvement in comfort, energy savings, and safety, Colorado Energy Office Weatherization Program (CEO WAP) assesses all areas of your home that could be improved. In some cases, making these improvements to your home can be moderately invasive. For instance, if the walls of your home lack adequate insulation, the weatherization crew may be able to retrofit the walls with insulation, which would require drilling holes through the interior or exterior wall surface. Once insulation is installed, the holes are plugged and patched with spackle or drywall compound as close to the original texture as possible. In some cases the patch may remain somewhat visible. While every effort will be made to blend the patches, extensive drywall repair, wallpapering, or custom texturing cannot be provided.

Other comfort, energy-saving, and safety measures that may be moderately invasive include ceiling insulation, furnace replacement, and air sealing. Similar to wall insulation, these measures may involve cutting into interior or exterior wall surfaces and may leave behind visual evidence of such.

The goal of CEO WAP is to provide maximum improvements to comfort, energy savings, and safety. All measures that are deemed cost-effective for your home are strongly encouraged, however, you do have the right to decline certain measures for aesthetic or other reasons. Please be aware that due to the design of the program and federal requirements, if you decline some measures, others may no longer be available to you.

If you have concerns about how these measures might impact your home, please indicate below and discuss these concerns with the energy auditor*:

- I have no concerns about the Weatherization Program serving my home.
- I have concerns about wall insulation.
- I have concerns about ceiling or attic insulation.
- I have concerns about: _____

I have read and understand the terms and conditions presented herein, and except for the conditions above, grant permission to perform such weatherization measures as may be suited to this property under CEO WAP standards. I also certify that the home to be weatherized is not presently for sale, nor is it designated for acquisition or clearance (foreclosure) by a federal, state, or local program. I hereby release and pledge to defend and indemnify CEO WAP, its employees, agents, and independent contractors involved from any liability or loss in connection with the performance of weatherization assistance or any act or eventuality arising from this work.

Date:

- *For Tenants: Permission can only be granted by the Landlord/owner of the home. This represents the final decision related to weatherization concerns.*
- *Client complaints regarding rent being raised due to the increased value of WAP upgrades to the dwelling unit should be directed to 303-866-2100.*
- *Pursuant to Colorado Senate Bill 21-199, as of July 1st 2022, undocumented individuals may receive assistance without providing lawful presence documentation or completing a lawful presence affidavit AND with the assurance that all personal and identifying information is protected by Colorado Energy Office Weatherization Assistance Program Policy 303, Client Confidentiality.*

Weatherization Assistance Program Application

RENTER ONLY: To the **LANDLORD** or **PROPERTY MANAGER:**

Your tenant is applying for services provided by Colorado Energy Office Weatherization Assistance Program (CEO WAP). If the application is approved, they will be eligible to receive free energy efficiency services that will help them save money on their energy bills and make their unit more comfortable and safe. WAP services include an energy audit and safety diagnostics of the home. The energy audit will determine what energy savings measures can be provided to the tenant at no charge. These free measures may include additional attic, wall, and floor insulation, air sealing, ventilation, and furnace or hot water heater repairs. In multifamily housing (between 2-4 units), if the energy audit reveals the need for heating system replacement or identifies a highly inefficient refrigerator, the program will seek matching funds from you, the landlord. As this program is federally-funded and serves low-income households, the typical cost to the landlord for replacement of heating systems or refrigerators is significantly less than 50% of the market rate. You will be presented with all options before moving forward.

Additionally, in order to provide the maximum improvement in comfort, energy savings, and safety, CEO WAP assesses all areas of the home. In some cases, making these improvements to the home can be moderately invasive. For instance, if the walls of the home lack adequate insulation, the weatherization crew may be able to retrofit the walls with insulation, which would require drilling holes through the interior or exterior wall surface. Once insulation is installed, the holes are plugged and patched with spackle or a drywall compound as close to the original texture as possible. In some cases the patch may remain somewhat visible. Every effort will be made to blend the patches, but extensive drywall repair, wallpapering, or custom texturing cannot be provided. Similar to wall insulation, other measures may involve cutting into interior or exterior wall surfaces and may leave behind visual evidence.

The goal of CEO WAP is to provide maximum improvements to comfort, energy savings, and safety. All measures that are deemed cost-effective for your home are strongly encouraged, however, you do have the right to decline certain measures for aesthetic or other reasons. Please be aware that due to the design of the program and federal requirements, if you decline some measures, other measures may no longer be available to you.

Federal regulations specifically prohibit rent being raised on a dwelling unit solely based upon the improvements made by WAP services for a reasonable period of time.

If you have concerns about how these measures might impact your property, please indicate below:

- I give my consent and I have no concerns about CEO WAP serving my property.
- I have concerns about the heating system and/or refrigerator repair or replacement.
- I give my consent, but have concerns about: _____
- I do not give my consent for CEO WAP to serve my property.

The refrigerator in the property is owned by the: Tenant Landlord

I have read and understand the terms and conditions presented herein, and except for the conditions above, grant permission to perform such weatherization measures as may be suited to this property under CEO WAP standards.

I also certify that the property is not presently for sale, nor is it designated for acquisition or clearance (foreclosure) by a federal, state, or local program. In addition, I agree that rent shall not be raised due solely to the increased value weatherization provides to the dwelling unit.

I hereby release and pledge to defend and indemnify CEO WAP, its employees, agents, and independent contractors involved from any liability or loss in connection with the performance of weatherization assistance or any act or eventuality arising from this work.

Information Sharing Consent Form

For other community services programs:

There are other programs outside of the Weatherization Assistance Program and Colorado Energy Office that may help you lower your utility bill (for example, community solar programs). If you would like CEO WAP to share your name and contact information (address, phone number, email) with your utility for the purposes of receiving additional information about these programs, please agree below:

- I consent
 I do not consent

For the Electric and Gas Service Affordability Programs:

- There are programs designed to ensure income-qualified consumer's payments are based upon their income and their capacity to pay for their utilities. Currently, consumers may qualify for Electric and Gas Service Affordability Programs after they have worked with the Colorado Low-income Home Energy Assistance Program (LEAP) or CEO WAP program to determine eligibility.
- For some utility companies, there are Electric and Gas Service Affordability Programs that ensure income-qualified consumers are only paying a specified or set percentage of their monthly income on electric and natural gas bills. Currently, consumers may qualify for these programs after they have worked with the LEAP or WAP program to determine eligibility. If you receive utility service from Xcel Energy, Black Hills Energy, Atmos Energy, or Colorado Natural Gas, and would like CEO WAP to share your name, contact information (address, phone number, email), and income with your utility for the purposes of learning more about affordability programs, please agree below:

- I consent
 I do not consent

Weatherization Assistance Program Application

Please Read This Section Carefully:

My signature below authorizes Colorado weatherization staff and crew to enter my home as needed to perform weatherization work. My signature verifies this residence is not currently for sale, nor is it designated for acquisition or clearance (foreclosure) by federal, state, or local programs.

Upon completion of work, I give permission for the contractor, sub-contractor staff, local, state, and federal officials to inspect said work. My signature below authorizes the Colorado Energy Office Weatherization Program (CEO WAP) and its designees to inspect heating, fuel usage, and utility billing records for up to five years before and after completion of weatherization work, and authorize pertinent utility and fuel companies to make such records available to them solely for obtaining data for evaluation of subsequent energy conservation effectiveness.

I agree, on behalf and for all who stand in my stead, that CEO, its subgrantees, and weatherization crews will not be held liable for any injury or expense incurred by me while participating in this program. I attest to the best of my knowledge that the information on this form is correct and complete. This service is free of charge but if my home is served due to incomplete or incorrect information that would otherwise make my household ineligible, I accept responsibility for paying for services received. I authorize the release of income and benefits information to CEO WAP to document my eligibility.

Pursuant to 5 U.S.C. 552(b)(6), of the Freedom of Information Act, the CEO WAP is required to keep confidential any specifically identifying information related to an individual's eligibility application for weatherization services, or the individual's participation in weatherization services, such as name, address, or income information. The State of Colorado in conjunction with CEO may, however, release information about recipients, in the aggregate, in a manner which does not identify specific individuals. Any personal information released is only done so with a signed consent from the client.

Appeal Process: Once your complete application and required supporting documentation have been received by your regional subgrantee office, you have the right for your application to be processed within 30 days. If your application is not processed within 30 days, or if you are denied services, you may appeal the decision using the following appeals procedure:

- You may appeal to a Program Manager or the Executive Director of the local weatherization agency.
- The Program Manager or the Executive Director will issue a decision in a written letter within 15 days of receipt of the notice of appeal.
- If the Program Manager or Executive Director denies services, and you still are in disagreement, you have 15 days after receiving the written notification by a Program Manager or the Executive Director to appeal to the Colorado Energy Office Weatherization Program (CEO WAP).
- CEO WAP will have 15 days to respond in writing to all appeals and the decision will be considered final.
- Appeals to CEO WAP should be in writing and addressed to:

Colorado Energy Office Weatherization Program
1600 Broadway, Suite 1960
Denver, CO 80202

My signature below indicates that I have read, understood, and agree to the conditions of this application.
